A Horsemanship Clinic with Tim Hayes

Join us in welcoming Tim Hayes, internationally recognized Natural Horsemanship Clinician and author of the best selling book *RIDING HOME - The Power of Horses to Heal* for a two day clinic!

Tim conducts clinics throughout the United States and Canada and is currently a visiting instructor at the University of Connecticut and University of Vermont, Departments of Animal Science.

Only TEN participant spots available.

Auditors are also invited to the clinic, as auditing is a beneficial and affordable way to learn more about natural horsemanship and the powerful abilities horses have to help humans. By watching the clinic participants, auditors will gain insight as to how and why “horses have the extraordinary ability to emotionally transform the lives of thousands of men, women and children whether they are horse lovers, or those suffering from deep psychological wounds” as Hayes states in his popular book *RIDING HOME*. This auditing opportunity is valuable not only for those who work with horses, but for **educators, parents, equine therapy providers, social service workers, and mental health professionals.**

Limited scholarship opportunities available to cover the cost of participation and/or auditing for representatives of therapeutic centers. If you are interested in applying for scholarship to attend, please contact equuvationinc@gmail.com for details. Scholarships are not guaranteed.
